

## INDEX

### A

- Abernethy, The direct shoulder delivery of Müller, (Abst.), 814
- Adams, T. W., Morphine and magnesium sulphate as an obstetrical analgesic, 266
- Adenocarcinoma of the corpus uteri, myosarcoma complicating, Healy, W. P., 235
- Amastia, unilateral, a case of, Louria, H. W., 364
- American Gynecological Society, Transactions of Forty-ninth Annual Meeting, 502, 649, 779
- Amnion, recent observations of certain pathological conditions of the, Paddock, R., 546
- Analgesic, obstetrical, morphine and magnesium sulphate as an, Adams, T. W., 266
- Anesthesia, ethylene and oxygen, for gynecological and obstetrical work, Heaney, N. S., 416, 509
- of women, so-called sexual, Moll, A., (Abst.), 675
- sacral-transsacral, gynecologic plastic surgery under, Magid, M. O., and Klein, W., 79
- Anomaly, congenital, a rare, Peck, Harold A., 761
- Atresia, acquired, of the vagina and cervix, Pemberton, F. A., 605, 660

### B

- Backache in women, the causes of, Haendly, P., (Abst.), 674
- Baer, Breast infections, (Abst.), 381
- Bagg, H. J., etiology of certain congenital structural defects, 131, 229
- Bailey, Harold, The serum treatment of puerperal sepsis, 7
- Bedo, F., The care of the breast in nursing mothers, (Abst.), 380
- Belding, D. L., and Hunter, I. L., The Wassermann test, 22
- Benthin, The etiology of suppuration of the symphysis, (Abst.), 819
- Benzel, Repeated tubal pregnancy in the same patient, (Abst.), 247
- Bermann, Prolapse of the cord, (Abst.), 818
- Binger, The psychical etiology and treatment of leucorrhea, (Abst.), 676
- Bissell, Dougal, Surgical treatment of renal papillomata and ureteral implants in the female, 796

- Bladder, Exstrophy of the, an unusual example of, with marked separation of the pubic bones, Sage, E. C., 497
- rupture of, a case of incarceration of pregnant retroflexed uterus with, Klots, (Abst.), 815
- Books received, 130, 255, 371, 534, 684
- Bourne, A case of eclampsia illustrating the use of veratrine, (Abst.), 533
- Boursier and Gautret, Acute polyhydramnios. Abdominal puncture with continuation of pregnancy, (Abst.), 814
- Brakeman, Changes of the female genitalia in lymphatic leukemia, (Abst.), 678
- Breast cancer, lines of advance in the surgery of, Handley, W. S., (Abst.), 382
- with a study of the results obtained in two hundred and eighteen cases, Sistrunk, (Abst.), 382
- infections, Baer, (Abst.), 381
- in nursing mothers, the care of the, Bedo, F., (Abst.), 380
- menstrual changes in the, Rosenberg, (Abst.), 379
- on buttock, supernumerary, Perkins, (Abst.), 379
- treatment of puerperal conditions of, with light, Temesvary, (Abst.), 381
- Brooklyn Gynecological Society, Transactions of, 660
- Broun, LeRoy, Menstrual disturbance and pain in tubal pregnancy, (Abst.), 244
- Brunam, C. F., Report of some observations of the effects of radium therapy in cases of large uterine fibroids, 411, 502
- Burgess, H. C., A clinical consideration of the contracted pelvis, 739, 787
- Buzzard, E. F., (with Donald, A.), The neurasthenic element in midwifery and gynecology, (Abst.), 675

### C

- Carcinoma, early, of cervix, L'Esperance, Elise S., 461
- of the cervix, end results of 201 cases of, Taylor, H. C., and Peightal, T. C., 288
- solid, of the ovaries, reaching to the navel, in girl of nineteen, report of a case of, Dickinson, R. L., 118

- Card, T. A., (with Van Zwalenburg, C., and Jones, W. A.), Double uterus, 634
- Cary, W. H., Two way treatment catheter, 495
- Cashman, B. Z., The cautery treatment of chronic cervicitis with histologic studies, 628
- Casler, DeWitt B., Nephralgia with high blood pressure, 569
- Casualties among women, war and after war, Winter, (Abst.), 671
- Catheter, two way treatment, Cary, W. H., 495
- Cervicitis, chronic, cautery treatment of, Cashman, B. Z., 628
- Cervix, biology of the, a contribution to the, Dretl, (Abst.), 681
- carcinoma of the, end results of 201 cases of, Taylor, Howard C., and Peightal, T. C., 288
- early carcinoma of the, L'Esperance, Elise S., 461
- unique injury of the vaginal portion of the, during delivery, Fueth, H., (Abst.), 819
- uteri, inflammatory disease of the, McGrath, J. F., 367
- Cesarean section, contractions of the pelvic outlet necessitating delivery by, Stone, E. L., 625, 658
- new method of insuring sterility following, Irving, F. C., 335
- Chalfant, Ovarian pregnancy, with report of case, (Abst.), 249
- Chifoliau, Discoloration of the umbilicus in intraperitoneal hemorrhage of pelvic origin, (Abst.), 251
- Childbearing, mental diseases associated with, Gregory, M. S., 420, 516
- Childbirth, painless, by synergistic methods (second paper), Gwathmey, J. T., McKenzie, R. A., and Hudson, F. J., 154
- painless by synergistic methods, Gwathmey, James T., 238
- relation of venereal diseases to, Schumann, Edward A., 257, 366
- Chondrodystrophic dwarf, embryotomy and hysterectomy in, Freed, F. C., 514
- Chorioangiofibroma (chorioangioma), Siddall, R. S., 430, 554
- Clark, J. D., Report of two cases of diaphragmatic hernia, 216
- Cleland, F. A., A method of treatment of severe types of dysmenorrhea, with a report of results in 230 cases, 337
- Collective Reviews:
- New books, Frank, R. T., 371
- Pelvic varicosities, Polak, J. O., and Phelan, G. W., 664
- Progress in the relief of sterility, Curtis, A. H., 123
- Colostrum, the function of the, Lewis and Wells, (Abst.), 379
- Congenital anomaly, a rare, Peck, Harold A., 761
- structural defects, etiology of certain, Bagg, H. J., 131, 229
- Contraception, a medical review of the situation, Dickinson, R. L., 583, 654
- Contraceptive pessary, intrauterine, inefficient and dangerous, Siddall, R. S., 76
- Cord, prolapse of the, Bermann, (Abst.), 818
- prolapsed, manual replacement of, Zangemeister, (Abst.), 818
- umbilical, bacteriology of separating, under various methods of treatment, Küstner, (Abst.), 816
- prolapse of the, Häggstrom, P., (Abst.), 817
- rupture of the, during labor, Gilfrich, (Abst.), 817
- Corpus luteum, bleeding from, simulating an attack of appendicitis, Eick, (Abst.), 254
- ruptured, intraabdominal hemorrhage from, Moore, (Abst.), 251
- Costa, N. P., One hundred cases of eclampsia treated by the method of Stroganoff, (Abst.), 531
- Cowles, H. C., Occiput posterior, 616, 656
- Culbertson, The relationship of women's diseases to the chronic patient, (Abst.), 674
- Curetage of non-pregnant uterus, septic thrombophlebitis of right ovarian vein following, Vineberg, H. N., 225
- Curtis, A. H., Progress in the relief of sterility, (Collective Review), 123

## D

- Dales, Rectal examination in gynecology, (Abst.), 681
- Daniel, Interstitial pregnancy, (Abst.), 248
- Dannreuther, W. T., The incidence and significance of urogenital symptoms in gynecologic patients, 103
- DeAragon, Filarian elephantiasis of the vulva, (Abst.), 682
- Death in married and unmarried women in the middle period of life, Sanders, (Abst.), 673
- Delivery, injury of the vaginal portion of the cervix during, Fueth, H., (Abst.), 819
- des Lignaris, A case of schistosomiasis of the female pelvic genitalia with subsequent tubal pregnancy and abortion, (Abst.), 250
- Dickinson, R. L., Contraception, a medical review of the situation, 583, 654

## Dickinson, R. L.—Cont'd

- Report of a case of solid carcinoma of the ovaries reaching to the navel, in girl of nineteen, 118
- Donald, A., and Buzzard, E. F., The neurasthenic element in midwifery and gynecology, (Abst.), 675
- Dorman and Mossman, Puerperal mastitis, (Abst.), 380
- Dossena, G., Conservatism in surgical treatment of tubal pregnancy, (Abst.), 243
- Dretl, A contribution to the biology of the cervix, (Abst.), 681
- Dysmenorrhea, a method of treatment of severe types of, with a report of results in 230 cases, Cleland, F. A., 337

## E

- Eclampsia and hydatid mole, Frey, F., (Abst.), 526
- and pregnancy toxemia as a specific disease of human reproduction and culture, Sellheim, H., (Abst.), 524
- and the weather, Hoenhorst, (Abst.), 526
- capillary circulation in, Hinselmann, Nettekoven and Silberbach, (Abst.), 528
- case of, illustrating the use of veratrine, Bourne, (Abst.), 533
- commentary on the report presented to the British Congress of Obstetrics and Gynecology, June 29, 1922, Eden, (Abst.), 529
- etiology of, Ottenberg, (Abst.), 526
- evolution as a causative factor, Kark, S. E., (Abst.), 525
- further contributions on the question of, Engelmann, F., (Abst.), 532
- placenta in, contribution to the study of changes in the, Soli, (Abst.), 526
- puerperal, new experimental researches upon the pathogenesis and the therapeutics of, Levi-Solal, and Tzanek, (Abst.), 523
- relationship of, to the other toxemias of pregnancy, Fitzgibbon, (Abst.), 528
- significance of icterus in, Oppenheimer, W., (Abst.), 527
- Stroganoff's improved method of the prophylactic treatment of, Stroganoff, (Abst.), 530
- studies in the etiology of, Lawrence, (Abst.), 525
- the, question, Wuth, (Abst.), 525
- treated by the method of Stroganoff, one hundred cases of, Costa, N. P., (Abst.), 531
- treatment of, by the Dublin method, Solomons, B., (Abst.), 532
- Eclampsia, treatment—Cont'd
- by veratrum viride, Stevens, (Abst.), 532
- visual disturbances in, Hirsch, R., (Abst.), 527
- Zweifel, E., (Abst.), 531
- Eden, Eclampsia: a commentary on the report presented to the British Congress of Obstetrics and Gynecology, June 29, 1922, (Abst.), 529
- Eerland, Extrauterine pregnancy, (Abst.), 242
- Ehrenfest, Hugo, Carbohydrate metabolism during pregnancy and the value of insulin to the obstetrician, 685
- Eick, Bleeding from corpus luteum simulating an attack of appendicitis, (Abst.), 254
- Embolism, air and gas, during labor, the question of, Koerting, (Abst.), 820
- Emge, Varicose veins of the female pelvis, (Abst.), 681
- Endometrium, hyperplasia of the, a clinical and pathological study, Novak, E., and Martzloff, K. H., 385, 506
- Engelmann, F., Further contributions on the question of eclampsia, (Abst.), 532
- The necessity and results of early operation in tubal pregnancy, (Abst.), 242
- Etiology of suppuration of the symphysis, Benthin, (Abst.), 819
- Eufinger, H., Death from hemorrhage due to excessive menses in a patient with marked diabetes mellitus, (Abst.), 677

## F

- Falls, F. H., and Hunter, T. A., An improved head stethoscope for the hearing and counting of fetal heart tones, 356
- Fetal heart tones, an improved head stethoscope for the hearing and counting of, Falls, F. H., and Hunter, T. A., 356
- Fetus, full term extrauterine, a study of the death of the, Oliver, J., (Abst.), 246
- Fibroid growth of the uterus, septic thrombophlebitis of the left ovarian vein complicating, Vineberg, H. N., 225
- tumors, present attitude towards, Neill, W., 205
- uterine, dangerous intraperitoneal hemorrhage from, Ransahoff and Dreyfoos, 252
- Fibroids, uterine, effects of radium therapy in cases of large, Brunam, C. F., 411, 502

- Fibromyomata, independent, of the broad ligament, Seaver, H. C., 639
- Findley, P., Spontaneous version, 646
- Fink, K., Intratubal degeneration of tubal pregnancies, (Abst.), 245
- Fitzgibbon, The relationship of eclampsia to the other toxemias of pregnancy, (Abst.), 528
- Forsyth, Erosion of the rectum by an ectopic placenta, (Abst.), 250
- Fothergill, W. E., Varicocele in the female, (Abst.), 681
- Frank, R. T., Function of the ovary, 573
- New books, (Collective Review), 371
- Freed, F. C., Embryotomy and hysterectomy in chondrodystrophic dwarf, 514
- Frey, F., Eclampsia and hydatid mole, (Abst.), 526
- Fuchs, H., Ovarian pregnancy in the absence of the corresponding tube, (Abst.), 248
- Fueth, H., An unique injury of the vaginal portion of the cervix during delivery (spontaneous ring-shaped separation of a large flap), (Abst.), 819
- Furniss, H. D., Incontinence of urine due to relaxed vesical sphincter, 195
- G
- Galactocoele, the, Grynfeldt and Tzelepoglou, (Abst.), 381
- Gas pains, postoperative, the cause and prevention of, O'Keefe, C. D., 748
- Gellhorn, G., Milk injections in gynecology and obstetrics, 535, 649
- Gautret, (with Boursier), Acute polyhydramnios. Abdominal puncture with continuation of pregnancy, (Abst.), 814
- Genital papillae of women, Lipschutz, (Abst.), 676
- Genitalia, changes of the female, in lymphatic leukemia, Brakeman, (Abst.), 678
- disturbances in vision after hemorrhages from the, Puppel, E., (Abst.), 677
- female, a few relationships of the blood to the, Morawitz, (Abst.), 677
- pelvic, Schistosomiasis of the, with subsequent tubal pregnancy and abortion, des Lignaris, (Abst.), 250
- Genitourinary organs and the bowel, the afferent nerve supply of the, Ogilvy, (Abst.), 680
- Gestation, ectopic, with living fetus, a case of full term, Hicks, H. T., (Abst.), 246
- Gestation—Cont'd
- sac, bilateral interstitial ruptured ectopic, Woolf, (Abst.), 248
- tubal, salpingotomy versus salpingectomy in the treatment of, Whitehouse, (Abst.), 243
- Gilfrich, Rupture of the umbilical cord vessels during labor, (Abst.), 817
- Goldberger, M. A., Retention of urine due to postpartum parametritis, 232

- delayed "high" pain, a new sign of tubal rupture, Laffont, (Abst.), 244

## Pregnancy, extrauterine—Cont'd

- infected, rupturing into bladder after thirteen years, Kahn, (Abst.), 250
- glycosuria with hyperglycemia, Schenck, S. B., 457
- in double uterus terminated by hysterotomy. a case of, Guy, W. P., 509
- interstitial, Daniel, (Abst.), 248
- ovarian, case of early, Hunter, (Abst.), 249
- in the absence of the corresponding tube, Fuchs, H., (Abst.), 248
- report of a case, Chalfant, (Abst.), 249
- pernicious vomiting of, a case of, with low blood chlorides and marked response to sodium chloride therapy, Haden, R. L. and Guffey, Don Carlos, 486
- prolonged, dangers and treatment of, Luker, S. G., (Abst.), 814
- primary abdominal, Jacquin, P., (Abst.), 249
- recurrent toxemia of, Kellogg, F. S., 313
- ruptured ectopic, re-infusion of blood in, Töpler, (Abst.), 252
- toxemia, eclampsia and, as a specific disease of human reproduction and culture, Sellheim, H., (Abst.), 524
- toxemias of, the after effects of the late, Harris, J. W., (Abst.), 529
- the phenoltetrachlorophthalein test of liver function, Smith, J. A., 298
- tubal and intrauterine, simultaneous, Sippel, (Abst.), 247
- conservatism in surgical treatment of, Dossens, G., (Abst.), 243
- decidual reaction in the tubes in single or bilateral, during the first three months, Trancu-Rainer, (Abst.), 245
- diagnosis of, Novak, (Abst.), 245
- further study of the origin of uterine bleeding in, Polak, John O., and Wolfe, Samuel A., 730.
- 783
- important questions regarding, Helldall, H., (Abst.), 242
- menstrual disturbance and pain in, Broun, (Abst.), 244
- necessity and results of early operation in, Engelmann, F., (Abst.), 242
- repeated, in the same patient, Benz, (Abst.), 247
- unilateral twin tubal, Thorek, (Abst.), 248
- unsuspected, Rombach, (Abst.), 814
- Presentation, breech, management of, Pfeiffer, (Abst.), 813

## Presentation—Cont'd

- Cause of high median sagittal, with especial consideration of disproportion between maternal pelvis and fetal head, Haupt, (Abst.), 813
- Presentations, brow, treatment of, Stiglbauer, R., (Abst.), 813
- high median occiput, Weinzierl, (Abst.), 812
- Pruritus ani et vulvae, Pitcher, H. F., (Abst.), 682
- Puerperal infection, six cases of, Ronshheim, J., 359
- mastitis, Dorman and Mossman, (Abst.), 380
- complications of, Nürnberger, (Abst.), 381
- sepsis, serum treatment of, Bailey, Harold, 7
- Puppel, E., Disturbances in vision after hemorrhages from the genitalia, (Abst.), 677
- Purpura hemorrhagica (postpartum) treated with radium and roentgen ray with report of a case, Goldmark, C., and Jacobs, A. W., 208

## R

- Radium and roentgen ray, purpura hemorrhagica (postpartum) treated with, Goldmark, C., and Jacobs, A. W., 208
- in the treatment of diseases of the female pelvis, contraindications to, Keene, F. E., 201, 219
- therapy, effects of, in cases of large uterine fibroids, Burnam, O. F., 411, 502
